## **DETAILED ACTION**

### ***Response to Amendment***

1. This Office action is responsive to applicant's amendment filed March 14, 2006.

Claims 1-18, 20, 21 and 23-25 are pending.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 23 and 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 23 and 24 depend from claim 22, which has been canceled. These claims should be amended to depend from claim 21.

### ***Allowable Subject Matter***

4. Claims 1-18, 20, 21 and 25 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: No prior art has been found to disclose or suggest filtering a set of alpha values to generate a set of filtered pixel sub-component alpha values including at least one filtered alpha value for each pixel sub-component used to represent one or more glyphs, as recited in base claims 1, 7 and 11; or storing filtered alpha values in a glyph cache as part of a character glyph, in combination with sampling and filtering steps, as recited in base claims 21 and 25; or wherein the filtering of alpha values produces red, green and

Art Unit: 2625

blue filtered pixel sub-component alpha values for each alpha value used to represent the image, as recited in base claim 15.

***Response to Arguments***

6. Applicant's arguments, see page 8 of the current amendment, filed March 14, 2006, with respect to the rejection(s) of claim(s) 15 and 21 under 35 U.S.C. 102(e) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of applicant's cancellation of claim 22, as set forth above.

***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
